## CNA Pro News

In case you have not already seen the news, A.M. Best Co. recently announced that it has re-affirmed CNA's "A" ratings, and upgraded the outlook on our ratings to stable from negative.

The A.M. Best announcement came at the conclusion of the rating agency's regular annual review of CNA. In its news release, A.M. Best stated, "The ratings reflect CNA's favorable risk-adjusted capitalization, improved underwriting fundamentals and good business position as a top writer within the commercial lines segment of the U.S. property/casualty industry."

A.M. Best is the third rating agency to remove a negative outlook on CNA's ratings. Fitch and Moody's did so in March 2005 and November 2005, respectively.

This vote of confidence from A.M. Best validates CNA's work over the past few years to become a stronger, faster, smarter, more profitable company. We appreciate your support and your business, and we look forward to the opportunity of continuing to work with you for our mutual success.
