CNA Pro News

Earlier this year, we let you know that you could work directly with your CNA Pro branch underwriting contacts to write Not-for-Profit coverage, including Directors & Officers Liability, Employment Practices Liability, and Fiduciary Liability.

It has been gratifying to see so many of you writing this business with us. We have insureds across a wide range of disciplines - social services, farm cooperatives, swim clubs, professional organizations, museums - almost any kind of Not-for-Profit. Premiums on recent sales range from under \$1,000 to almost \$100,000 depending on the size and nature of the organization.

Recently, we've made our Not-for-Profit offering even better. We've increased our coverage options, our underwriting capacity, and made it even easier to do business with us.

Improved Ease of Doing Business

- Created on-line quick application with 24-hour turnaround for smaller accounts (25 employees or fewer and \$2.5 million or less in revenue)
- Can accept and bind coverage from competitors' applications
- Expanded access by hiring additional underwriters and opening branches in Birmingham, Chicago, Los Angeles, and Washington, DC

New Coverage Options

- Separate retentions available for D&O, EPL, and Fiduciary Liability coverages
- \$0 D&O retention for qualifying accounts
- 90-day notice period available upon request at no additional charge
- Broadened definition of Subsidiary

Increased Underwriting Capacity

- Options for separate limits up to \$5 million offered on most accounts
- Policy limits are typically \$5 million or less, but capacity is available up to \$10 million
- Excess policy now available
